

Dear Fellow Patriot.....

June 11 1996

Thank you for inquiring about the U.S. FREE MILITIA. We are currently recruiting nationwide, establishing a militia regiment unit in every county of each state. We are looking for truly PATRIOTIC AMERICANS. Those willing to get involved in their home community areas. Those willing to fulfil the "CONSTITUTIONAL" duties given to all American men---the civilian defense of the country, the U.S. Constitution, the Bill of Rights and all rights guaranteed thereby. And, those unalienable rights granted to us as citizens and human beings.

Currently our rights are under a concentrated attack as never before in U.S. history. It is time to unite under the protection of the Constitution while we still have one.

The U.S. FREE MILITIA is "free" from all political parties and government agencies. We have no obligations save to our country, the U.S. Constitution, our families, and ourselves.

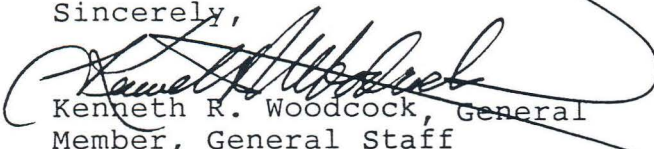

The U.S. FREE MILITIA has no ties or obligations to any other militia groups, organizations, or associations. We are not a backwoods country club for "good old boys, just tote'n guns and building home made bombs." We are not terrorist. We have never "bombed or blown up" any thing. We have never shot anyone.

The U.S. FREE MILITIA has no religious connections or affiliations.

If there isn't a U.S.F.M. regiment unit in your county, you may be called upon to help organize one. We are very particular in choosing our members. Membership is granted only to those that qualify and follow a set of steps. The first step if you meet the qualifications is to fill out and return the enclosed application. We ask that you make a donation of \$5.00 to cover the costs of processing your application. We ask also for a donation of \$15.00 for your yearly membership. This money is used by the local county regiment, the state command, and the national command to cover costs of operation, advertising, etc. We are a Not-For-Profit organization.

All correspondences are held as top secret by us. Only a very minimal set of records are kept. Even your letters are not kept. The records we do have are seen only by a few and only on a need to know basis.

Sincerely,

Kenneth R. Woodcock, General
Member, General Staff

Dear Patriot,

We at the USFM are organizing our militia nationwide. We are happy that you are interested in the USFM and interested in forming your own local county regiment. Out of necessity must check out all persons wishing to join, form and be a commanding member. The feds are continually trying to infiltrate our organization. Surely you can understand that. This is not a kid's game and should not be interred into lightly. Remember this fellow Patriot, freedom is never free and sometimes the prices paid for it are the ultimate price...loss of life. Look to one of our nation's greatest heroes, Nathan Hale back in 1776. A militiaman helping to defend the colonies from the British, he was caught and hung as a spy against the King of England. Before he was hung he was asked if he had anything to say? He told the world this- "I only regret that I have but one life to give for my country!" What an American and Patriot. King William of the White House would have your freedom locked up in a federal prison or order your body injected with lethal drugs rendering you very much dead. With this in mind, we at the USFM only hope that you are serious. Your freedom and the sovereignty of Anmerica and the Constitution are at stake and the future of your family and loves one.

WHERE DO YOU FIT INTO THE MILITIA?

If you are healthy and between the ages of 18 and 65, are a U.S. citizen in good standing [not a felon] and wish to help defend your country, state, and county against the cancerous big national government that has put this country 5 trillion dollars in debt, that routinely disregards the Constitution and our rights, the U.S.F.M. may be just what you are looking for. Soon we will be the largest Constitutional Rights Organization in the nation. We will overwhelm the government by sheer numbers. We will seek to return this nation to a full Constitutional government by a peaceful means. But make no mistake, we will return it to that form. It is our right to do so. It is our duty to do so. And, we have the Constitutional right to act as citizens and members in the U.S.F.M.

While the national government doesn't want the American citizens to act against it [no cancer ever gives up easily] they cannot stop us. They continually pass laws infringing upon our rights, both Constitutional and unalienable. They (the politicians) want government to remain just as it is...a tax sucking cancer paying their "good life" Washington style of big brother government. Just look at how they are resisting every measure taken by a few good Congressmen and Senators! 90 percent of the National government could be eliminated and those functions returned to the states as given in the TENTH AMENDMENT of OUR CONSTITUTION. While the politicians argue over how to tax us, place our troops under foreign governments, and let the other cancer (United Nations) tell us what we can and cannot do (what a joke!!!), we pay and pay and pay. And lose our right, our sovereignty, and our future, our children's future, and our grandchildren's future.

IT IS YOUR RIGHT AND DUTY TO BELONG TO THE U.S.F.M.

"The Militia is the WHOLE of the people, excepting a few of the government officials."

---George Mason

It is your duty as a citizen to defend and protect the United States Constitution.

YOU NEED TO ACT NOW BEFORE IT BECOMES TOO LATE.

Most Americans want to do something. But they are either afraid or do not know where to start or how. This is where the U.S.F.M. comes in to help. The better we are organized and the larger our Militia becomes, the more influence we will have. The more power to obtain change. You are needed to help with the organization and size of the U.S. Free Militia. Won't you help us. Stand up for America.

How to form a USFM Regiment

The USFM is founded upon having a county regiment in every county in the USA. If there is no yellow sheet included with this letter, it simply means that while we surely must have members in your county, we have not received information that at least 12 or more are ready to form a regiment. It is required that at least 12 militiamen be ready to form a regiment. So, it might very well be up to you to get it started. See the sheet on "types" of USFM membership. If you wish a regular membership let us know. If you must take a supporting membership, let us know. BUT, IF YOU WISH TO TAKE A COMMAND POSITION, YOU MUST, out of necessity, RETURN THE COMMAND APPLICATION. It is up to you. As a member in a command position, you would have a major amount of input not only in the county regiment, but in the state militia as well.

Approach your friends and those you feel would be interested in taking back America and returning it to a fully Constitutional Republic. Have them send for an application as soon as possible. We're running out of precious time. As soon as they have received their applications and NGS has approved them as members, then you need to hold a meeting. At this meeting, you should decide who should be the commander of the regiment. If that person has not yet submitted a commander's application, it must be done ASAP. Only upon approval by the NGS will he be accepted as the regimental commander. As soon as your regiment has an approved commander, you will then hold another meeting. At this meeting you will discuss the commanders of the infantry, reconnaissance, logistics, communications, public relations and chaplain. These positions MUST BE FILLED WITH PEOPLE THAT YOU KNOW AND TRUST. THEY MUST KNOW WHAT THEIR JOBS WILL INVOLVE AND THEY MUST BE UNCONDITIONALLY QUALIFIED. Example...the commander of communications cannot be a person that doesn't even have a phone! The reconnaissance officer MUST BE VERY FAMILIAR WITH THE COUNTY and the counties around your regiment. The state commander can remove from position, any commander under his command whom he feels that is not qualified. Or has shown that he is not qualified.

Now, you have at least 12 members, a commander in each of the command positions, you're ready to go. If each member brings in 10 members each, you now have 132 members, ALL PATRIOTS, and you're very much on your way. The state commander will have met with your regiment well before that time. Of the \$15.00 donation that your members sent in with their applications, \$5.00 will have been returned to your regiment for advertising in your local area for new members. That would be \$660.00 @ 132 members. This will pay for a lot of ads in the local papers and print a lot of copies of information for the unfound local PATRIOTS. After you have 1000 members, it will grow rapidly to \$5,000.00 just for your county regiment's use. It snow balls very fast, believe us. But all membership applications must come to us. This way we can find out which are the feds trying to get in! By the way, the other \$5.00 stays in your state and is used for generalized advertisement and literature for statewide distribution. It all helps your local county regiment when applications come in, they are returned to your county regiment when it is from your county.

So as you can see, it is easy to form a USFM regiment. There are several very important points to make that must be followed to the max. One is, the feds will ALWAYS BE TRYING TO INFILTRATE YOUR COUNTY REGIMENT! They try to obtain command officer positions. That way they can obtain communica-

tion codes, manpower info, weapons practice info, etc., etc! Keep the bastards out. Our weakest link is at the local level. Believe us, we know that we HAVE NOT BEEN INFILTRATED ON THE STATE AND NATIONAL LEVEL. At those levels, we are very much aware of ALL WHO ARE IN COMMAND. To obtain state or national level command position requires a close, almost "family" tie situation between all of the commanders. If you so desire a state level command position, you must state that on the application. All national command positions are appointed by the National General Staff[N.G.S.] only. There are currently 24 Regional Commanders.

Of course Patriot, we will be there to help you and your regiment along the way. It takes a little while to get started. But once you have the 12 members working on membership, it grows real fast. There are literally thousands in your area looking for help as Patriots. Just like yourself, they know that America is in deep trouble. And just voting won't do it. They are looking for an organization like the USFM.

Remember also, that the donation of \$15.00 a year is a minimum and if people want to help more by sending in more money that is okay. We are a Not-For-Profit organization. To date, no one has ever been paid one copper penny for their work or time as Patriotic members of the USFM.

Also Patriot, as soon as you join the USFM, you will be sent a letter of approval to duplicate our applications for membership. Until you get this letter please do not use our SM or service mark, the USFM or United States Free Militia on any thing. You will, after forming your regiment, be approved to design and use your own flag for your militia. You need to find out the "number" of your county. Most states have their counties numbered. An example would be:

Calhoun County 11th Regiment
Alabama & United States Free Militia

or

Talladega County 61st Regiment
Alabama & United States Free Militia

Flags are expensive but you need only one for parades and your meeting room. Use the same flag for both. Each June there is a national Second Amendment Rally on the steps of the Lincoln Memorial in W.D.C. The USFM has a membership info both there. We will have a flag[USFM] at the meeting. Watch for it on CSPAN and the other major news stations. It is good public relations to have a color guard in local parades. It helps gain members. And it lets people know that we are there for them, protecting them and their rights and the Constitution, the Declaration of Independence and their UNALIENABLE RIGHTS. They need to know this.

Once again, we thank you for requesting this information. Please safeguard it as much as possible. While we openly advertise and have public relations persons, and actual recruitment offices, like the one I am in at this moment, we are a very secret organization. Out of necessity due to the paranoia and distrust of its citizens by the unconstitutional government in W.D.C. And they have good reason to be...they know what they have done to America...put us 5 trillion dollars in debt and all but destroyed our Bill of Rights, and the Constitution. The bastards know what is coming. Anyone that has ever studied American History knows.

You can even apply for state commander if the office is open in your state. All of this will be worked out after you return your application and are approved for membership.

As soon as you are approved for membership, you will be contacted again by myself. Your application has been assigned to me so I will be your personal contact on the national level. Whenever you write to me, always put the letters KW after the Box Holder on the address. That will get it sent to my attention at the processing office. We have five national recruiting offices in the USA. Until you are told otherwise, always use the Alabama address. Your regional number is _____. Remember this number as it is very important. Write it on top of your application.

We must be very careful. The feds are continually trying to infiltrate us. But we have people in the right places too. We know what they know about us. Each time they try to infiltrate, they are found out and caught and booted out. We do a national back round check on all applications for command positions. We must out of necessity. We started in 1990. and went public in 1994. This is our big recruiting year. We are open in our recruiting but very secretive. We are now the second largest national militia. Soon we will be the largest.

There is a good chance we will meet later this year. I will attend the Second Amendment Rally in W.D.C. in June. I will be in the Harrisburg PA area for meetings the first week in May. I will be in your state sometime this year. I am looking forward to meeting you Patriots. In the mean time, take care. Always put America first.

PETITION TO:

The Congress of the United States of America.

Under the power and authority of Article 1 of the Bill of Rights of the Constitution of the United States of America, We, the Sovereign undersigned, in common law, for *We the People*, of the union of States of the United States of America, do hereby petition the government for a redress of grievances.

WHEREAS: On November 22, 1994, our nation's sitting Republican Governors declared: "*Federal action has exceeded the clear bounds of its jurisdiction under the Constitution and thus violated the rights guaranteed to the People;*" and

WHEREAS: Because Federal action has exceeded its Constitutional powers and authority, the Sovereign People of the United States of America face immediate crisis and undue hardships; and

WHEREAS: We the People are being denied our unalienable God given Rights, Equal Protection, Equal Access to Justice and Due Process under the Law as guaranteed by the Constitution of the United States of America; and

WHEREAS: Senate Report 93-549 declares that "*Since March the 9th, 1933, the United States has been in a declared national emergency . . . For 40 years, the freedoms and governmental procedures guaranteed by the Constitution have, in varying degrees, been abridged;*" and

WHEREAS: All elected officials have taken an oath of office to uphold and defend the Constitution of the United States of America.

MANDATE FROM:

NOW, THEREFORE, BE IT RESOLVED, WE THE PEOPLE, THE UNDERSIGNED, DEMAND:

A. **THAT** the Congress of the United States adopt a Resolution of Redress within thirty (30) days of receipt of . . . to further act responsibly, and to thereupon conduct open hearings and investigations to identify the "*Federal action*" that has "*exceeded the clear bounds of its jurisdiction under the Constitution;*" and

B. **THAT** the Congress of the United States immediately impose a moratorium on all new laws, rules, codes, regulations until said hearings and investigations are completed; and

C. **THAT** the Congress of the United States appoint a Congressional sub-committee to work with an independent committee of Sovereigns and public servants to include Senators Don Rogers, (R-CA) and Charles Duke (R-CO), Dr. Eugene Schroder, Byron Dale, Walt Myers, Charlena Alden, Terry Sanders and others, to be determined by the Sovereign and public servant sub-committee to present evidence and work with the Congressional Committees in said open hearings and investigations; and

D. **THAT** the Congress of the United States and the aforesaid independent committee(s) investigate and conduct open hearings on the *Trading with the Enemy Act of October 6, 1917, as amended on March the 9, 1933*, the monetary policy employed by the Federal Reserve System, the United Nations and the role these and other acts and treaties have played in usurping governmental procedures and Sovereign rights as guaranteed by the Constitution of the United States of America; and

E. **THAT** the Congress of the United States and the independent committee of Sovereign People and public servants investigate the Department of Justice and the American Bar Association (ABA) and their roll in the usurpation of Constitutional Rights; and

F. **THAT** the Congress of the United States and the independent committee of Sovereigns investigate the Council on Foreign Relations that caused the American Legion to declare the Council on Foreign Relations to be Subversive. In its Resolution No. 62-631-28 of July 1, 1962, the American Legion states in part:

" . . . *The Council on Foreign Relations has been exposed by extensive research and much testimony as being engaged in destroying the Constitution and the Sovereignty of the United States of America . . .*

" . . . *Hundreds of thousands of Americans have died for liberty, and this liberty is being swiftly destroyed by members and programs of the Council on Foreign Relations, who, in the name of One-Worldism and United Nationism, are surrendering our country to the enemy, proposing that our country be disarmed unilaterally or bilaterally, that all individuals in the United States be disarmed to make enemy conquest easier, that our Armed Forces be turned over to the Communist-controlled United Nations.*" (See State Department Publication Number 7277, entitled, "Freedom From War: The United States Program for General and Complete Disarmament in a Peaceful World"); and

G. **THAT** the appropriate Congressional Committee(s) and the aforesaid independent panel prepare a plan in the plain language to restore to the States and to the People prerogatives and freedoms guaranteed by the Constitution as it was envisioned by our forefathers.

Just a note from the USFM....

As everyone knows, today it cost more and more to print, handle, and mail out FIRST CLASS packages of any kind. It is no different for us at the USFM. Our members work hard for their money. Their support by donations have provided you with the enclosed information. The USFM has no income as such. It cost us almost \$7.00 to get this package to you today. If you join the USFM, we ask you to just forget about this little note. And we thank you. But, if you sent for this package of information just out of curiosity or with no intentions of joining the USFM, we only ask one thing of you. And that is this-

Do not hinder us or slow us down by costing us that \$7.00 dollars of badly needed militia money. We are doing our best to protect you, your family and your rights under the US Constitution. Please help us reach others by returning the cost of your information package/postage. That will help us greatly in the cause of FREEDOM. We would appreciate your sincere thoughtfulness in this matter. Do not send a check or money order. Seven dollars cash would be appreciated. Thank you again.
